

Register of OHS Professional Education Programs 2014

The following OHS professional education programs are offered by Australian universities.. Go to www.ohseducationaccreditation.org.au for details on the individual programs.

The programs in blue text are accredited by the Australian OHS Education Accreditation Board. These qualifications meet the knowledge requirements for OHS professional certification for graduates

As accreditation has only been available since April 2012 other universities are currently in the process of applying for accreditation. Contact the registrar on registrar@ohseducationaccreditation.org.au for further information on accreditation and accredited programs.
