Mode of delivery	Course delivered fully online and offered through Open Universities Australia
Description of program	Situated within the Faculty of Law and Business, this postgraduate course in Occupational Health, Safety and Environmental Management (OHSEM) combines the technical basis to

OHSE practice with a sound grounding in business and management. While focusing on safety and environmental practice, the course addresses managerial and communication skills applicable across the spectrum of business administration with a focus on those required for an OHSE practitioner. Recently reviewed and updated to include the latest in contemporary OHSE thinking, the course has been developed and is delivered by a range of industry specialists and experienced academics. The course is delivered using modern teaching modalities and incorporates a range of applied, practical assessments which provide immediate value in the workplace. Graduates of this course will have enhanced employment opportunities in both the public and private sectors and can progress to the Master of OHSEM.

Units

- Principles of OHSE Management
- OHSE Management Systems
- Physical Hazards in Occupational Environments
- OHSE Law in Practice (Pre-requisite: OHSE601 Principles of OHSE Management)
- Corporate Governance and Risk Management
- Research Methods
- Improving OHSE Performance
- Occupational Health and Wellbeing

Suitability for international students

International students outside Australia may enrol in the course and study online. The minimum English requirement is an IELTS overall score of 6.5 with an individual score of at least 6.0 in all tests. Please note that the course does not meet the required minimum face-to-face teaching component for international students to be granted student visas for study while in Australia.
